In re Application of :
Henderson and Kia :
Application No. 09/899,534 : DECISION ACCORDING STATUS
Filed: 6 July, 2001 : UNDER 37 CFR 1.47(a)
Att'y Docket No. 693.001/10019556 :

This is in response to the petition filed under 37 CFR 1.47(a) on
21 November, 2001.

The petition is **GRANTED**.

Petitioner has shown that the non-signing inventor, Charles English Henderson, has refused to join in the filing of the above-identified application after having been sent a copy of the application papers. Specifically, petitioners have presented a copy of the letter forwarding the application to Henderson at his last known address. Petitioners' registered patent attorney, Michael J. Strauss, states, furthermore, that an additional copy of the application was sent to the non-signing inventor's residence and to his place of business. The non-signing inventor has not executed and returned the declaration, however, naming him as a joint inventor along with Omid Ebrahimi Kia.

The above-identified application and papers have been reviewed and found in compliance with 37 CFR 1.47(a). This application is hereby accorded Rule 1.47(a) status.

As provided in Rule 1.47(c), this Office will forward notice of this application's filing to the non-signing inventor at the address given in the petition, not the declaration. Notice of the filing of this application will also be published in the Official Gazette.

The application is being forwarded to the Office of Initial Patent Examination for further processing.

Telephone inquiries related to this decision should be directed to the undersigned at 703-308-6918.

Dear Mr. Henderson:

You are named as a joint inventor in the above identified United States patent application, filed under the provisions of 35 U.S.C. 116 (United States Code), and 37 CFR 1.47(a), Rules of Practice in Patent Cases. Should a patent be granted on the application you will be designated therein as a joint inventor.
